

BREAKTHROUGHS IN BLOOD

ADVANCEMENTS INTO ACTION

A webinar series curated for health-care professionals, hospital administrators, policy-makers, and researchers on groundbreaking blood research and cutting-edge best practices.

Hosted by the esteemed Dr. Jeannie Callum and coordinated by Canadian Blood Services, *Breakthroughs in blood: Advancements into action* delves deep into the “So what?” and “Now what?” of blood science and medical research, with a dedicated focus on transfusion clinical trials and guidelines. Don’t miss this opportunity to advance your knowledge and take actionable steps toward a better healthcare future.

Restrictive or liberal transfusion strategy in myocardial infarction and anemia

December 1, 2023

12:00PM - 1:00PM (ET)

Registration required

Join the second Zoom webinar to hear Dr. Carson's **MINT Randomized Clinical Trial** and take part in a panel discussion to understand the impact of this study on your current practice. See Canadian Blood Services’ professional education website, [ProfEdu.ca](https://www.profedu.ca), for details.
