

Hosted by Dr. Jeannie Callum and coordinated by Canadian Blood Services, *Breakthroughs in blood: Advancements into action* addresses the “So what?” and “Now what?” of blood science and medical research, with a dedicated focus on transfusion clinical trials and guidelines.

The HEMOTION trial: How do we integrate this new knowledge into our clinical practice?

October 25, 2024

12:00PM - 1:00PM (ET)

Registration required

Join the fourth Zoom webinar to hear from Dr. Alexis Turgeon-Fournier about the **HEMOTION trial on Liberal or Restrictive Transfusion Strategy in Patients with Traumatic Brain Injury** and take part in a panel discussion to understand the impact of this guideline on your current practice. See Canadian Blood Services’ professional education website, [ProfEdu.ca](https://www.profedu.ca), for details.
